

Do you need to **register** for data protection?

Do you collect names, addresses, phone numbers, email addresses etc.?

Do you use names, addresses, phone numbers, email addresses etc. in your day-to-day business?

Do you share names, addresses, phone numbers, email addresses etc. with other organisations?

Do you send newsletters or marketing to your customers and / or potential customers?

Do you use CCTV cameras in your business?

If you don't register you may be subject to enforcement action

If you have answered **YES** to any of these questions, then you need to register your business with the Jersey Office of the Information Commissioner.

How do you register?

CLICK HERE or visit the resource section on our website for guidance.
